Can you forward some times for tomorrow. I can check on EPA availability, as well as your colleagues. After tomorrow the Region will not be available until the week of March 5.

Pamela,
Something has come up and I can no longer make the call at 4pm today. With other offices being involved I'm not sure if rescheduling would be appropriate or if there are any other calls scheduled that I may be able to jump on. Please let me know what you think and if there aren't any options I can hopefully just have Jerry and Matt fill me in.
Thanks,
Dimitri

Region 3 staff have opted for the 4:00p slot. I have a 4:15 call, so I may not be on the call but did not want the briefing to be held up.

Here is the call in information: call-in number: Ex. 6 - Personal Privacy

Ex. 6 - Personal Privacy Other than whomever you invite and Jerry Couri there will be no others invited to the call.

To help better prepare staff, it would be great if you could forward questions that you have in advance of the call. Thanks.

No worries Pamela it wasn't your fault that was just totally out of line by that staffer and I was really surprised with how bad that got. Would late afternoon Monday work? Maybe 3 or 4?
Also one thing we wanted some information on was the Washington County air, water, toxic testing that EPA started in September which we were unable to get into at all today.
Appreciate you following up and let me know if either of those times would work.
Thanks,
Dimitri

Dimitri -

I need to get out of the dog-house. Let's get your briefing rescheduled for next week. We only have Monday and Tuesday to work with Region 3.
Can you forward some times that work.

Pamela

Who is this on the call? I was under the impression it was just going to be a few Senate office and Jerry - we were not aware house science democrats and other offices were invited
